“ For over 10 years, I and the students and staff were able to start our days at CCHS-EAST on a very happy note. That was because she was the first person that we would see when we entered the office. She was always smiling, cheerful and uplifting. We loved her. Thank you to her family for sharing her with us. “ Addie was an institution where we worked together. She was knowledgeable, kind, and literally kept the wheels oiled and rolling in our program at the College of Southern Nevada High School. When she left to start her retirement we all deeply missed her. We were glad she found her happiness moving to West Virginia even though it was for only a short period. She was the kind of good people of which our world needs more. We feel the deepest sympathy for her family and hope you know that Addie will always be with you, especially you Gene.

“ Libby has been a constant presence in my life for over 30 years. The one thing I think about in looking back was a sign that hung in her house. it said "People need love the most when they deserve it least". Thats a pretty good summary of the way Libby lived and loved. Unconditionally. I will miss her.

I remember that sign in her house. It fit how she lived her life. A true ambassador of kindness and love.

*“ . Addie and I were good friends all thru high school. She was such a kind person that would do anything to help you. Always had a smile for everyone. We had a fun time in gym class when we played basketball. She could make pretty good baskets and would help our side to win.
My sincere condolences to Addie’s family. I know you will miss her deeply. Rest in peace Addie.*
