“ *Arlene and I have been friends since the fourth grade. I knew her family very well. we went through so much of our young lives together.*

After high school when we both went our separate ways we lost touch for so many years. I ask about her, but I just wasn't asking the right people. Finally a mutual friend, Pat Rodgers, told me where she was and we able to be in touch again. It was wonderful, I visited with her before she moved to Tommie's, after that when she came to Missouri we would try to get the three of us together at least once while she was here. She was the kind of friend that no matter how long it had been since you saw her, she made it seem like yesterday. I loved her and I will miss her so much. To her I say:

One of the nicest things in my life was my friendship with you, and even if we didn't have a lot of time to spend with each other, I hope you always knew how much I appreciated you and our friendship. I'll miss you, R I P my friend.

“ I know Arlene will be missed by many, she was my very bestest friend (Thanks Matt for introducing us.) We had a very unlikely friendship but for some unknown reason and by the greatest of luck, we clicked from the very first. She always called us the ying and yang of each other. We have shared much laughter and many tears over all these years. We have shared advice, dreams, hopes, faith, we have confided in each other and shared secrets. One of our favorite times, even though torrential rains followed us throughout, was our trip from Ohio to Missouri to bring home a car for Arlene, she was so excited about having a car again. We spent a lot of time plotting the places we would go and the things we would do, although she said she refused to go bungee jumping, but she was up to anything else. Arlene's passing has left a big hole in my heart and a huge void in my life but I know she is in a better place and with Clay once again. I love you Arlene and with God's grace I will see you again. Your friend, MaryAnn
