“ Dad, I know you didn't really know me and I'm not sure of you remember me but I wrote this poem yesterday. I really am sorry as your daughter I wasn't at the funeral or a part of your life. I was planning on seeing you when I was 18 and legally allowed. I just want you to know I just found out, and that no matter what I love you and you'll always be my dad. I was yours you were mine A little thing called life divine Someone that I really miss Someone that I saw on the lists You're gone now but you're still mine Someone ill call daddy no matter the time I miss you I love you I'm sorry I wasn't there To support you through all the despair I didn't know I was just informed That god had taken you and now you're gone I miss you I love you I'm still your daughter I miss you I love you You're still my father

“ I don't know you and you don't know me, but I am the mother to Victoria Brian's 14 year old daughter. If it is not too much trouble I would really like to talk to you regarding Brian. IDK if you are able to fill in any blanks for me, but I would love to be able to tell my daughter what happened to her father. Thank you so much, Carol

“ Oh my God I don't know what to say. I will miss you so very much. I fell in love with you almost immediately. You were such a great person: loving, caring, sharing, considerate, and most of all you were a very loving and caring father. I wish things could have been different between us but I now know why God made things happen the way they did because if I would have still been there with you when you died, I would have died too. In finding this out I feel like a piece of my soul already has. You're with God now and someday we will see each other again. I love you.

“ Life is too short to miss the small things and entirely too big to pass up. No one knows the reason but it happened. My heart is heavy and the tears are present but the remembrance of Brian and his laugh and personaltiy are ever so prevalent. Everyone Brian came in contact with he touched in some sort of way. He just had that presence about him. But I knew a part of Brian no one knew. A soft hurt scared proud man who only wanted normalcy in his life. Unfortunatley, it wasnt meant for the life...maybe the next Brian... we are truely going to miss you...smooches
