“ Shocked and saddened to hear about Buck. I never really knew him well growing up, but got to know him over the past 20 years. It was always flattering when he'd text me with a question, ask for an opinion , or give me some information about something or someone out of the blue. Buck was one of a kind. He deserved better then to leave this earth too soon, and his friends and family got cheated by his early exit. Time is.....time was...time shall be no more.....Goodbye to my basset hound loving friend with a big heart.

I know you are now in the most beautiful garden of all ,God’s heavenly kingdom , yes the world is a lot sadder without your presence , but you my friend are in the loving arms of God .in a beautiful place of rest, until we meet again , rest in eternal peace . 🌸*
