“ *Allena and Matt,  
I knew your dad but met your mother twice when I was at their house. She was both times in a great mood even given her condition. She was one of the most positive people that I ever met. I am very sorry for your loss especially not long after losing your dad.

*I have debated commenting but finally decided too Brenda was like a second mom to me I'd always love talking to her and her giving me advice . We talked for a good while and almost daily for years and she always loved me for me and always had my back and a part of me is broken knowing I'll never hear her voice again or see her or be able to hug her her memory will always live in my heart and I always remember ever time I visit with cooper she light up her and Allen both loved him and it made my heart so happy seeing them get excited to see him. I love you Brenda and I will always consider you as my mother in law cause we were so close and I loved u so much :)*
