“ Many summer days were spent with Troy and his Brother, growing up in the hill of West Virginia. Too many good memories to mention. Rest easy my Cousin, I'm sure I'll get to fish with you at the lake again someday.

“ Through the clouds, smoke and fog of my life I met you. In some of the darkest hours of my life you led me to light. I thought you were a dream at one time, a figment of my imagination but you were real, true and as honest as they come. You are one of my very first loving, caring and understanding best friends, a father, a brother and a mentor when needed. You will forever and always hold a special place in my heart and i will forever love and miss you and if i never told you enough Thank You for everything. I love you. Rest in piece my dear friend.

“ Troy held a special place in my heart and will not be forgotten. As I reflect on Troys life, I remember the days of living, playing and going to school together in WV. Troy was a fun loving person. I remember especially one late winter night he and his brother Rickie and myself slay riding while the moon was bright making the snow look as though it was made of diamonds. This is how god would light up a dark wooded hollow on a dirt road in WV. I'll always remember "Troy" when I see snow at night being lit by the moon and Troy being a Sparkleing Diamond in the snow. May you rest in peace.

“ I will dearly miss Troy, even though when growing up he tortured me ( taking my blankie and throwing snake in tub with me). I am glad that I got to say I love to him before he left this earth to be with the Angels.
