“ I always loved working with him at PPG. I was going through a four year apprenticeship program, and I had NO idea what I had gotten myself into, LOL. He kind of took me "under his wing" so to speak. He would stand back and watch me struggling with what I was working on, but never let me get hurt or "in trouble". He would walk up and put his arm around my shoulder and offer encouragement. When he had heart surgery, he probably got tired of the phone calls! He was one of the most kind and thoughtful individuals I ever crossed paths with! Rest In Peace "WOODY", YOU WERE ONE OF THE GOOD ONES". Thoughts And Prayers Go Out To The Family....

Met Bryan in 1972. He became a patient of mine later. A family friend later. His a quiet and caring character with a smiling face always are his trade mark. He made me feel great as a doctor since he truly appreciated the care and acknowledged it more than it was needed even at times he was not doing physically well. A Noble Man. A great Father, A great Husband and a great kind caring human being. We will miss him, We are missing him dearly. V.Chokkavelu MD
