“ Well today we laid you next to Sherry. I gotta tell ya it sucked it really sucked! My heart is broke and I feel sick, I know you're in a better place that you are finally free but that doesn't make it any easier . I hope you liked your song mom made me keep it toned down a little. I had planned in my head to get up there and tell your story they way you really are not all that religious stuff that is always thrown in there you know the lies preachers tell making everyone out to be some kind of holy saint but he did alright I couldn't get out of my chair I couldn't breath and I thought I might pass out if I tried of course you probably would have laughed about that. I'm going to miss your crazy ass. Until we meet up again be free, be happy, rock the hell out of them pearly gates, smoke that gold laced gonja I hope your with Sherry and if your not I hope you're trapped in the middle of a whore house. I love you Unc 💔💔

“ Hey Punk, I remember the day that Mom brought you home from the hospital and then I had a brother And as the years passed we became closer then most sisters and brothers. Life was hard back then and we shared a bond that some never have. As I stood at your bed day and night for the last 6 days of your life and I knew you were about to leave me I wondered how life for me would be. When It comes to my heart I am one of the most selfish people I know. But as each day passed and I watched you as your body was failing it broke my heart so I begged God to take you. I never knew that I had the strength to be able to do that. Maybe it wasn't strength . Actually maybe it was weakness on my part. It's 1:30 Am and here I 'am telling you that this really hurts. I will miss you . But you already know this. The thing that is helping me deal with this is that I know your no longer suffering and I believe that your with the love of your life , Sherry.
