“ Love you everyday and after. My walks will never be the same as I walk past your house with the smell of peanut butter fudge lingering on I'll still call on you for help and make sure your flowers are growing  
I'll see the chem trails , shooting stars UFOs and aliens with foil hats. Your kindness , giving , listening heart , sister love is all that held us all together  
I'll keep Gary fed and make sure he doesn't drink so much sweet tea

“ She was like my second grandma. Katie, Amelia and I would walk to her house atleast 3 times a day in the summer time and go swimming. We would always just go up to visit just because and she would be watching the news or some random show of some kind. She definitely will never be forgotten, we love you Grandma Jo ♡

“ Connie Jo was always a jokester and always made me laugh. I have great memories of her. Like the day Gary was sleeping on her mothers couch before going to work in the mine, and someone painted his toenails. He was soo mad, but we were all laughing hysterically. She sure will be sorely missed.
