“ Les,

I know you've long been with the angels, but I want you and everyone else to know that I love you and miss you tremendously. Above all, I know the children of Marshall County are no longer benefitting from your presence and love of their participation in sports. My life was made so much better when I first met you on the old slate fields off 7th street by the railroad tracks, then you followed me throughout my playing days as a child and teenager. And then coaching teams together. You were one of a kind, and I can only imagine that God is using you as a scorekeeper as he watches us play the game of life.

Love,

Tony Johnson, your forever friend.
