“ *Deb, You will be missed more then you would of imagined. It won't seem the same around the fire station without you. I will miss our phone calls to one another when we would just check in to see how things were going. It was you and Nancy and I for such a very long time and then Amiee became part of our gang. May it bring some comfort to your loved ones to know how much others cared about you. I will miss you my friend. Until we meet again.*
