“ Aunt Dollie was loved and admired by her family. She had special memories of her nieces and nephews as well as th family that went before her. Even at 98 she could recall many of the events throughout the years. She had a natural talent for the piano. She was dedicated to Beverly and David, and she had a special love for her church and church family. When she was feeling well and wanted to talk, she shared with me some of the events of her life. I truly loved her and I will have treasured memories of the times we were able to reminence together. Love, Joanne

From the time I was a young child until her death, I remembered Aunt Dollie as the sweetest lady ever and one of my favorite Aunts. She and my father Thad were the youngest of a large family scraping out a living on a hardscrabble West Virginia farm and had an especially close relationship. I enjoyed reconnecting with her about ten years ago and enjoyed our phone calls about once a month. I'll miss her greatly. And here's a prayer for cousin Beverley ("Tex") who heroically cared for Aunt Dollie for decades. There is surely a special place in Heaven for Tex and her husband Dave.
