“ I recently found a letter from Ed, inquiring about the Mockapetris side of his family. I have been quite ill myself for several years and somehow his letter was misplaced. I am sorry to hear Ed has since passed a few years ago. I myself have little to add to his search for Mockapetris family members. I do know of some cousins who might be able to add to his collection of our family tree, however. My father was Edward L.P. Mockapetris and was one of 15 siblings (two died in infancy). The family was scattered all around America, west and south, and many in north New Jersey and New York City and environs. If any of the family of Edmund wish to contact me for further information about my cousins who may know more about our family tree from upstate PA, anthracite coal regions, please let me know. I would be happy to contact them and advise them of your interest and recommend they give you some further information. my father died of black lung disease when I was a 10 year old child and never received much information about our family or where we originated in Lithuania. I would be thrilled to learn more about your findings as well before I pass on myself since I have been ill for many years and would love to meet your family in heaven should I be allowed there too. You may reach me through the Grisell funeral home or directly at my email: mockapetrised@gmail.com

“ *Eric, Earl, and Kathy,
We are sorry to hear of your Dad’s passing. Many fond memories come rushing back of both your parents from the year I lived on Bares Run Road when Bob & Karen were at the Children’s Home. I felt safer knowing he was close by. I loved hearing him talk with that Massachusetts accent. He was so knowledgeable about many things and was fun to visit with. God be with you all as you lay your dear one to rest. Love, Bart & Joyce Wiggins*
