“ He was one of the best people I knew. We met back in 1979. We could lose touch for years then chat and it was like we had just seen each other. He always made me smile. I know how much he will be missed.

“ Ross and I worked together for 20 years. During those years, lots of things changed--sometimes for the better and sometimes not. The one thing that never changed was Ross's dedication to the people we were honored to serve.

You left too soon, Ross. I wanted another 20 years of being your friend. You enriched my life in countless ways, just as you enriched the lives of dozens, maybe hundreds, of other people. I admired you, I loved you, and I miss you.

“ Everett was such an enormous part of my life growing up in community theatre in New Martinsville. He was the most kind, giving and generous person that I have had the privilege of knowing. Over the years, he became part of my extended family and I truly am so saddened to hear of his loss. In my heart, he's choreographing Mame in heaven with Miss Libby by his side. You had such an impact on the lives of all those around you and will be missed dearly.

“ *Having worked with Ross for many, many years, I used to always joke that he could "talk a squirrel out of a nut tree". Such was the gift that Ross had for communicating with others no matter who they were or where they came from. He was a master at it. May God Bless and comfort all who mourn his loss. We should take comfort in knowing Rossi will be smooth talking St. Peter at the pearly gates.*

“ *My special thoughts and prayers to all his family, friends and co-workers. Ross was always a caring and special guy to me going way back to junior high school. We went to arts camp at WLSC together in junior high, worked with the theater together in high school and afterwards off and on for the last 45 years, and he was my neighbor for the last decade. One of the most radiant people I've ever had the pleasure to be friends with. Ross's smile and sparkling eyes would and could light up a room instantly and his kind loving humor would keep it that way. I will miss him so very much.*

“ I worked for Rem for many years, and was always so fun when Ross taught the classes, he made your job enjoyable, and had a way of great understanding of people with disabilities, and a way of approach in dealing with them or there problems and reflecting them to you. Such a great loss now that he is gone. He,will be missed tremendously in the field of psychology and behavioral management.
