“ To Frank’s family - I live in Illinois and had the privilege of working with Frank back in 2011, when I did some computer work at Ormet.

Recently I was going through phone numbers on my phone and noticed Frank’s number, and realized I had not spoken with him since around 2012. I searched him online and was saddened to see of his passing a year ago.

While at Ormet, I found Frank to be very helpful and knowledgeable regarding the various computer programs he covered. Also, I recall one of the things he enjoyed was decorating his home at Christmas, and he had shared several pictures. In addition, several times after work I went across the river to West Va to see Frank bowl in his league.

I am very sorry for your loss; I just wanted to tell you that I had known Frank for a short time, and that it was a pleasure to have worked with him.

“ So sorry to hear of Franks passing. This is a memory from years ago. I went to school with Frank. I can always remember Frank bringing in candy for his classmates in grade school. He was a very nice person. Frank, his brother and dad delivered our newspaper for years. We lived in the same neighborhood. Please know that the family will be in my prayers.

“ Dear Debbie and family,
Just wanted you to know our thoughts and prayers are with you at this sad time of Frank's passing. We often think of you when we talk about frogs. Just wanted you to know that I did a FROG Bible study once and FROG meant "Fully Rely On God". He is our True Help. God be with you as you lay your dear one to rest.
