“Dad I have a lot of memories with you, you was the greatest dad I could possibly ever had and the boys, you really knew how to be a family man and was always a very hard worker and giving up was never in the cards for you. You loved your loving wife for over 45 years and was always there for your four children and mom, I will always think of you and our memories we do have and I miss you more than words can express. I love you dad, till we meet again. Promise I will try harder in life and never give up on anything. I love you and thanks for being the greatest dad there could be.
