“ It’s been 8 years since I have seen your face, heard your voice, or felt your embrace. I miss you so much. You were not only my Mother, but my Best Friend. I am lost without you.

“ Kim, Just yesterday, I found out that your Mom had died. I am very shocked and grieved. There are some people, who because of their loving and giving nature, you expect them to go on forever, and she has, but in another place. I worked with her many years ago and I loved her. I never knew anyone who worked as hard as she did, but mostly I will always remember her strength, humor, and passion in caring for the needs of others (we were all recipients). She looked people in the eye and instantly knew if they were sad or worried, and wasn't happy until she had brought love and sunshine into their hearts. She loved her family and talked about her Kimmi and Junior constantly. She was so proud of you! Yes, you were lucky to call her Mom, and I was blessed to call her "friend". My love and best wishes to you and your family in carrying on this beautiful legacy.

“ Kim, I was so sorry to hear of your mother's passing. She was always so kind and I always remember her taking the time to stop and talk to me whenever we saw each other. The last time I saw her, she was helping you run a pageant and like always she was the person working the hardest. She was a wonderful lady and you were lucky to have her as a mom. “ I look forward to seeing each & everyone of you tomorrow as we meet to talk about the good times with my Mom. I'm sure she will be looking in & having a laugh with all of us talking about her. I think the chapter of the Moose that she actually belonged to was New Martinsville Chapter 2165. We may have put the wrong one on the obituary. She loved her Moose Family. She was already making plans to take her Granddaughters to the 4th of July picnic.

“ Thank you everyone for your kinds words & thoughts. My Mom was a wonderful person who helped everyone. She dedicated her life to her job for over 35 years. She was a hard worker & always provided for her family.If I said every thing my Mother meant to me, this page would go on forever. She will always be with me, no matter where I travel. It gives me some relief to know that she if finally to her sought after destination with my Father. I'm sure they are having a good time & laughing about all their adventures.They lived a wonderful life together & loved each other so very much. I look at them & am proud to call them my Mother & Father. They were not materialistical ly wealthy, but they had so much more. They had love, trust, honesty, commitment, dedication, & understanding. I was the Lucky one... I got to call them Mom & Dad. :-)
