“ *Deepest Sympathies. Janet was a great neighbor of many years since my Childhood. She was very nice and very patient with the kids of the neighborhood. She allowed us to use her carport as a bus stop and never minded if we were playing in her yard. I will always have great memories of Janet.* ”

I regret seeing someone with my last name listed in the obituaries and discovering that it is a distant relative. Unfortunately our big reunions stopped when each of the families went in different directions. I want to extend my condolences on behalf of my father, Floyd as I remember Delmer and Blanche. sincerely, a distant cousin, Ruth Ann Scherich
