“ *My heart is sad, but my memories are happy. I think back to our first times fishing on sunfish. I remember when I hired in the Rolling Mill in the finishing department, I would be sitting on fork truck and you would sneak up beside me and put them big paws on my thigh and squeeze so hard I would cry mamma. After a year I started millwright work and had the pleasure of working with you more. Always good times, Then reunited again at the primary plant and the last almost 6 years at Dominion Energy. We've had a lot of great conversations and lots of good times laughing and also teaching the guys we work with how to turn wrenches. You will be missed by so many, until I see you again, Rest In Peace Big Jer !!!*
