I feel like I'm in a bad dream I have ever since the day you left me John. Me and you definitely like brothers. We did so much together for so many years so many things fishing pic and guitars singing going on road trips and crazy being serious God bless you my brother and God bless the whole family I didn't know some of them but are the ones I didn't know I know how you feel I think because I have no one in this world but God and Jesus my family and all are all they're all dead been dead for years seems like they were all went one round together real fast but all of them together hasn't never had me like John has. Someone in the family I don't know if you've already noticed or not but they left Sandy out of the obituaries thought I'd let you know anyway I don't know what more to say because it would take me a year and staying on here like I am I'm just getting sadder so God bless the whole family O God taking them to thy spirit make it your face to shine upon him in the light of heaven praise you Lord from whom all blessings flow praise him all creatures here below praise him above ye heavenly Host praise Father son and holy ghost and John God bless you God make his face to shine on you God lifts you into his bosom in the name of the precious Lord Jesus Christ savior son of the living God Lord of lords and King of Kings Jesus Christ amen my
