“ Dear Thea,
So sorry to hear of John's passing. He was my youngest cousin, and his father was my beloved godfather. From all the remarks I have read on this page, I am only sorry that I didn't get to know him better. I do have one great memory from a couple years ago. My husband and I were sitting at the bar at Abbeys and this voice next to me asked me my name and told me that we were close relatives. John and I caught up a bit then, and his humor and personality were evident. I know John was much loved. I suspect that when his name is mentioned there will be a smile on everyone's face. I am praying that all your memories will help you through this difficult time.

“ Dear Thea, I am so sorry for your lost of very good man in John. I remember John when we play for the Island Tigers when I was ten and we were always friends. I will always remember John's tone in his voice and how smart he was and how he always had a funny comeback to any question that was asked. But most of all I was always happy to see the both of you at our Island Reunions and I always looked forward to walking into Abbey's and getting to see and talk to the both of you together at the bar. May God Bless you and John always be with you.

“ This is so hard for me. I will forever miss one of my best friends of my youth. We shared alot of good times together. Didn't get to see you enough when we got older and I will always regret that. I will never forget when you JR Bern and Coo come out to the house and we listened to all the old songs we grew up listening to. JR told me you said you had a great time. We should have done that more often. Miss you already my friend. My deepest condolences to your family. Will see you on the other side my friend

“ My forever coach & friend. You gave me the opportunity to play for I.D.E. and always believed in me. I drove you crazy at times but we sure had a lot fun. Will never forget our legendary softball trip to Georgia with me, you & Jeff in the car together. Plus that time I ran through the outfield fence at Pulaski and when I opened my eyes and had the fence lying on top of me you were the first person I saw kneeling over me asking me if I was ok. Jeff told me it was the only time he ever saw you run! I love you buddy you are forever a champion! 🏆

“ Thea and family, Larry and I are very sad to hear of Johns passing. We have known him for a very long time and spent many good times listening to he and Bert talk about their ball days, the island, and their fun growing up. He was such a good friend to Bert , and when John was diagnosed Bert was devastated. Now you can bet that Bert has reignited that friendship and they will spend all their time catching up and reminiscing about the “island”. Peace be with all of you at this time of great loss. “ Thea and family, I grew up with John in grade school at old Blessed Trinity Grade School. He was always a quiet, nice, smart boy. Only met up once later in life even though we have been in the same town all of these years. The quiet, nice person will be missed. Thoughts and prayers remain with you during this most difficult time.

“ I grew up two doors away from John. Spent many days growing up with him and his brother and sisters. He was always “that little kid” . I remember when he was very young his interest in JFK. When the movie PT109 came out, I took him to the theater to see it. He was in love of that movie. RIP my friend.
