“ Aunt Kelly Taught me that you don't have to be blood to be family. For many years, George and Kelly would come and spend holidays, birthdays, and every Sunday in the summer, down at the camp together. She was always there through good times and bad, from births to funerals, she was always there. She was there for my mom, taking her to doctors appointments after my mom got sick and spent a week in Morgantown with us while my mom was there. She was there to comfort us and talk about the good times. After my mom passed away, when we made funnel cakes at the camp, the first one was always thrown in the crick for Mary Jo. Well, now I guess it will have to be 2. After Kelly got sick, she never lost her spunk. She may have repeated things a few times and I would tease her about it being 2025, but we would laugh and have a good time. She loved my students. Her and Goerge said I should bring my class to the camp and let them experience the outdoors. My kids even began to call her Aunt Kelly. She loved every minute of it probably even more than my students. I am thankful for the last good days I got to spend with Kelly, at the Christmas Party for my students and Christmas Eve at my house. I am thankful to have been blessed with such a great friend and role model. Thank you Kelly for everything! I know mom was up there waiting with open arms. I love you!

“ I had so many great times with Kelly! She was always joking and a barrel of laughs. She was a true artist in every sense of the word...whether it be woodworking, drawing, painting...her talents were amazing! Her love of her cats knew no bounds! She also loved her jewelry...She had very unique taste!! She treated my children like gold...she would laugh and play games lie a child at heart herself! One day she came to the log cabin with a belly dancing video and tried to teach us the basics...we all laughed til we cried! She was a master of baking! Her treats were delectable!!! I'm so sad to hear of her passing! Rest in peace sweet angel...til we meet again friend!!!
