“ Frank and Susan Stipetich wish to express our sincere condolences to the family of Kevin Jarrett.

I have had the honor and privilege to have worked with Kevin for the past twenty years. He was a very intelligent and hard worker.

One of the things that I and the others that work here at Covestro will miss about Kevin, is his great sense of humor, and his talent for storytelling. He could recount stories of events that had happened many years ago and find a way to inject a humorous slant. When he would tell a story of some occurrence, that even if I had been a witness to that incident, when Kevin told the story it, sounded so much more fun.

Sadly missed by all here :(

“ Kevin and I went to St Francis for 8 years together. He was always so nice and funny too. I saw him couple years ago, and it was as of yet time had not changed him in anyway, still the same Kevin I knew in grade school. I shall keep his family in my prayers in your time of need. “ Aunt Debbie and family- I am so saddened and sorry to hear about Uncle Kevin. I will always remember him as a person full of life, happy, and with a smile on his face. I Will always remember the trips to West Virginia when I was a child and all the fun you two had with my parents.....always laughter. I am so glad you both came to North Carolina last year. This is just another reminder of how short life can be and that we all need to cherish the time we have together.....and you two did. So sorry for your loss. You will be in my thoughts and prayers. “ *My heartfelt condolences to the Jarrett family. Having worked with Kevin for many years at Bayer, it is no surprise to you I am sure that when Kevin and myself had a conversation (and we had many) it was never about the welfare of him and me, but always about what was best for all of the employees. A true gesture to the kind of man that will always be remembered in my heart. Godspeed to a good friend. I love you my brother. Curt Lindner*

As hard working as any and stronger than most, but what I will always remember is his laugh and unique sense of humor. We always had a ball. “ *Debbie and Family,
It is with great sorrow that we learned of the passing of Kevin. He has been taken away at such a young age. We were not on the same shift but I would see him if I held over or came in early on his shift. He was a very very good instrument man and had a sense of humor and was fun to be around. He has now joined force with God and I would say he is teaching God how to be an instrument man. He has left this earth and he will be sadly missed by his family, friends, neighbors, and the people he worked with at Bayer. RIP! my friend. You are gone but will not be forgotten.*
