“ David, Although you and I have never meet, I feel as though I know you, as your mother spoke of you often and loved you deeply. I will miss Dot very much. She was an amazing woman who loved and helped many women in our circle. I wish I could have been there for her in her final days and will always regret not having done more to help her deal with her illness. May God bless you and your family in this time of need. “ David, Thank you so much for your message about your mother's passing. She was such a very special person and often spoke of you with great fondness. My understanding of her sharing was that you were such an inspiration and source of guidance and wisdom for her and through her to many of us fellow travelers. I will truly miss her sharing her joys and struggles...as she was a tireless trooper here in the battlefield of addiction. My thoughts are with you and your family during your grief process.
