“ *So sorry to hear of Larry's passing. We first met in Clarington Elementary School because we were always seated next to each other; Glotfelty and Gasser. That is how we became friends, and I also got to know Mike and Toni. My birthday was in July of 1948 and Larry's in February, so he always told me he knew best because he was older. Larry was a wonderful guy and will certainly be missed. Again, you have my deepest sympathy!*

“ I'm sure going to miss you, buddy. Sitting in the garage talking cars and solving the world's problems, hanging out at car shows and working on the Cruiser's show, bsing on the telephone about our kids and grandkids and our plans for them. Just being friends. I know you're now cruising around with Catherine. I just don't know if it's in a "Lightning" or an AMX or the "Rat".
