“ *Aunt Linda,*

It has taken me a very long time to come on here and post. I apologize for that. It's been rough these last couple of years. I still think I'm going to get a call from Mom and we will all meet up for lunch. Things seemed like they were heading in the right direction finally... and then we suddenly lost you. I want you to know that your kitty cat Molly is doing extremely well. She was so scared and sad at first. I know she missed you terribly. It took her some time but she is comfortable, happy and very loving nowadays. I am so glad I was able to do this for you. I know she was your world. She's a good girl and I hope she is with us for many years to come. I always think of you when I look at her. She likes to play with my hair just like she did with you :) It gives me comfort that you are finally pain free and reunited with so many that you lost before you. I see you often in my dreams and I appreciate you coming to visit me. Please know that we miss you and think of you often. Sending you big hugs and lots of love (from Molly too).

“ Linda, I am sad to see you go but rejoice in the Lord knowing you are pain-free and with him. I will remember our long conversations on the phone. It brings a smile to my face knowing by the end of the conversations you were laughing. You said it made you feel good. You were one of the most giving people I knew and I loved that about you. You always remembered birthdays and getting together with family to celebrate. You had a love for the great outdoors especially to sit quietly for fishing.
