“ *I had the pleasure of working with matt the past four years inspecting bridges, we always had a fun time when we were out working, We got to see all kinds of wildlife. Matt always had a smile on his face and he was such a nice guy to be around. He loved telling me stories about fun trips him and he's family went on, fishing at his grandparents pond, building go carts and all the cool reptiles he's had. Matt will be deeply missed. Sending prayers to his family.*

“ *My heart breaks for all in your family. I remember when Matt was a young boy, he and his dad would build small race cars and Matt would drive the cars in competition. The many happy father / son moments were, at the time, so proudly and lovingly shared with us, Dr. McBee's laboratory employees. My prayers and condolences go out to the family. Mary Kulpa*

“ From the time I started Kindergarten to my senior year at Park, Matt and I had a class together every year. When I got a car, I used to give him a ride home on the way home. Even then, all he talked about was a girl named Candace and that he was so in love with her. I am so incredibly sorry for your loss. Matt was always a great person to be around and always a good friend. He will be missed. Much love to his entire family.

“ Matt, we are going to miss you immensely in the D-6 bridge department. It was a tremendous shock to all of us to hear of your passing. Rick and you would share many humorous and jovial moments with us. I always believed that D-6 bridge inspection was a team effort and you certainly proved that issue to be true. Matt and Candace, I will continue to pray for you and your girls at this very difficult time.

“ I honestly cannot think of a time when Matt was not smiling, laughing, or helping someone out. You were taken from us entirely too early, and will be sorely missed. I will absolutely miss racing with you or just teasing each other. Your whole racing family misses you and always will.
