“ So many good memories from my childhood of all the times myself
and siblings had with Uncle Mike and Aunt Donna. There are so
many funny stories to be told. Aunt Donna was always trying to
keep one step ahead of Uncle Mike. She pranked him all the time,
the one I can never get out of my head and still cannot is when she
told him it felt like she had a splinter in her but cheek and asked him
to check it,, and Uncle Mike being the loving person got down and
looked for splinter, she coaxed him to get his face almost on her but
cheek because he couldn't see it. All of a sudden toot, toot right in
his face. He still stayed married to her, LOL...That shows how much
love he had for her. So sorry for the loss of a husband and father.
All three of you girls are strong and its going to be hard but keep
your heads high and share all his memories with everyone. I love
you all.
