“ *Dear Dannie, Dale and families,
We are sorry to hear of your Mom's passing. We regard her as a great history keeper. Her stories made so many things come alive for us. I remember going to pick up baskets from your Dad and Mom and always having a hard time getting away (never wanting to leave) because of the many stories they told. I remember the year your Mom identified the ice auger for us and told how they would cut ice from the river to use and sell. Our thoughts and prayers are with you all.
