“ Rest in Peace Raymond! You will be missed by many, but also remembered always. I never met anyone who could bring me to tears with his humor, give you his last nickle, but back up a friend like a junkyard Dawg. So many good memories and miles in our youth! “ I've never met a man so dedicated to his family ,friends, work and making others smile. Always quick with the perfect comeback line and just as quick to laugh at himself. He was always full of a story. He made me smile every time I saw him and I will smile every time I think of him. You will be missed our friend. Until we meet again.

“ I always looked forward to seeing Ray when attending company functions with Debi.

We had great times having a few drinks during those functions. The last time I saw him was at Lowes and we talked for a few minutes.

He put a smile on my face as he always did.

We talked about having a few drinks and laughed because it was early morning.

I will miss you Ray and will never forget you.

My prayers go out to all of Ray's family and friends.

Your friend always,

“ Only knew you for 8 years but in that short time, it wasn't hard to figure out what you were about. A sense of strength and a zest for life rang out as clear as any bell. Rest in Peace brother, have a beer with your dad and watch over the loved ones you left behind. May the wind stay in your hair, and the road under ur scooter. Gone but you will never be forgotten by the people who knew you. See you on the other side

“ I have so many wonderful memories with my Uncle Ray I could never have the room to list them all here, but anyone whoever knew him knows he was the life of the party, but also a family man our family meant the world to him! He always had that big smile on his face and never had anything bad to say about anyone he got that from my gram! I always loved his bear hugs as a kid and as an adult! I remember going for rides down grandma's lane sitting in front of him because I was to little to hold on and behind us my mom and gram screaming ramie that's not safe slow down! He would bring my boys down to his house on weekends or during summer vacation to teach them all the important things how to pee on trees, how to spit, what beer tastes like, how to ride a bike, how a bike wasn't a bike unless it was a Harley, how family meant everything, how to always be kind and have a big smile on your face and enjoy life! Life just isn't going to be the same without him! Our family isn't very big and it's like one of those jig saw puzzles that you can't figure out sometimes but with his piece missing it will never be whole again!
