“ Ron was a steady leader who helped mold generations of kids. I like many kids had some difficulty during my teenage years. More than once I was called to his office. Instead of the expected berating I thought I'd get, I got kind words of support, questions about my home life and new direction to help me get through the crisis. A good man for sure Rest In Peace Mr. Trowbridge, you will be missed.

“ I was blessed to have had the opportunity to work with Ron during my 15 years at RESA-6 as Coordinator of Dropout Prevention and 12 years as teacher of middle school science at Sherrard and Moundsville. Ron, as principle at Cameron, used the common sense approach in dealing with students and teachers. He never embraced using the rules and regulations book that was handed down from the central office. To Ron, everyone was family. He was well respected by all who knew him. And when I visited Cameron High School on business, Ron never failed to invite me to those wonderful homemade lunches that were served there. My favorites were the homemade bean soup And the delicious pepperoni and cheese rolls. Ron's memories will live on in the deeds and actions of those he touched the most -- his students. Many great memories have I -- Jeff Mauck.
