“ Tera, Todd and family... I'm so sorry... I loved your mom and have quite a few nice and fun memories of my own! She was definitely a positive influence on me! She was the first strong single mom I ever knew, raising a fine family. I wish you all the ability to grow even stronger together in her good memory! Love and miss y'all!

“ My condolences to Tara, Brittany, Branda, Lizzy and all of your family. May God bless and comfort you during these trying times. I worked with Sandy and we watched our grandchildren grow up together through school and band functions. Her love will live on through all of you. Rest in peace, Sandy.

“ Sandy and I met at Bellaire City Hospital as employees. To make a long story short she didn't like me very much. One day she asked me why I was so quiet. I told her it was better to say nothing than to speak something that would hurt someone who was probably already hurting. She told me she would like to know how to do that and the Lord opened the door to share Him with her. We have been friends and sisters in Christ since.
I know she is with Him and I will miss her with all my heart till I see her again 🙏🏻”
