“ We all have people in our lives that we could count on to put a smile on our face...Brooke was one of those people. She was beautiful inside and out. I've been thinking about the conversations we had... some serious and some just down-right funny...she was amazing. To Zane... my heart aches for you. I pray the love you had for each other brings you strength and peace. She is watching over you and will help you through this. Until we see you again Brooke...we love you and will miss you!

“ Everyone always remembers two dates when you pass away. The day you were born and the day you died. The little dash inbetween those dates are the most important! I will always remember those days we had in and out of Applebees!!! You were there for me when my bestfriend passed! You always had a way of making me smile. You had an amazing spirit! My heart aches, but I know you are at rest and always in my heart. My prayers are with Zane and your family!

“*Brookie, I am so grateful and honored that I was able to call such a loving, caring, wonderful, beautiful girl like you my friend. The short time that we've been friends will always be my favorite. The memories that we had could never be replaced. You and Zane were a match made in heaven, and you turned his life completely around! You meant the world to him and I know you thought the world of him. I know you'll be with Zane and all of us through this rough time. I will always hold 2/11/13 close to my heart and the picture of you on that day will always be burned in my head. I will never forget you. See you soon pretty girl! Love, Caty!*”
