“ Hi Big Brother, Certainly thought of you on your Dec. 17th birthday, our 1st birthday of yours without you here. Your nephews miss you! Thought about you just the other day when I was at Shoney's. Remember how you used to take me to Shoney's for their Birthday Club when I was just a little one? We talked about you a great deal today. I know that time for you, in heaven, isn't the same as time here for us, but don't worry you're always with us. Sure miss our Sunday afternoon talks on my way to work. Take care big brother and happy 77th birthday, your 1st birthday in heaven. Give Mom a big hug for me too and tell her she's with us every day just as if she passed yesterday and not in 2000. We'll always love you. Heck, you know we'll all be together again one day soon. Your "Sis," Elaine.
