“ I am so sorry to read of Mrs. Glover's passing. Jared Kocher was in the kindergarten class when I was the teacher's aide. She was the sweetest woman to talk with and loved her grandsons. Thinking of Holly and the entire family. She will be missed by many.

“ Ed and Holly, Nettie and I are so saddened to hear the news about Terry. Terry was the epitome of a lady and a very caring educator. The students were always her main concern but she made time for her colleagues when needed. She gave me a lot of support and advice when I needed it at the high school. When we would see her at the store or somewhere else she always asked about our kids and grandkids and was so sincere in her interest. No words can do justice to what a wonderful person she was. You have our condolences and prayers during this difficult time. Keith and Nettie Jo Herrick

“ I remember Mrs Glover from Magnolia, she was such a classy, kind, friendly Teacher. I can't think of anyone that thought otherwise. She always had time for any and all of the students. Jack and I had the pleasure of sitting with the Glover's at First Methodist Church many, many times. Such a wonderful couple. Jack went on a few school outings with her and enjoyed her company and talking about her life and growing up in different parts of W.Va. We both would like to express our sympathy to Ed, Holly and the grandchildren. Your wife and mother was very special and left an impact on much of New Martinsville. We were all very lucky to have known the Glover's. Thanks for sharing her with all of us. God Bless. Debbie and Jack Haught

“ Ed, Tom and I would like to extend our deepest sympathy on the news of Terry's passing. She was the true epitome of style and grace with a beautiful smile. We Mannington graduates have always shared a special bond even though we have lived most of our lives in Wetzel County. I enjoyed our conversations over the years about school, family, and how fortunate we were growing up in the small town of Mannington and attending Mannington High School. She was always so complimentary about my teaching and coming from a successful teacher as herself, her words were very much appreciated. We would loved to have been able to have paid our respects, but realize this terrible time in our country has robbed so many of special farewells. Just want you to know you will be in our thoughts and prayers. Love and blessings to you and your family.

“ *Mr. Glover, Holly,*

*So sorry to hear this news. Mrs. Glover was such a kind and pleasant person and I am glad to have had known her. She was a special individual.*

*One quick story: I came home to visit my parents who were not well at the time, and took mom to get her hair done. We walked in, Mrs. Glover was in the chair and heard my mom, but didn't see me. She was facing the other direction, and she asked my mom immediately about me asking how I was doing. I answered the question she asked and she was surprised to see me and started crying and gave me the biggest hug! Granted I had not seen her in years, but that didn't matter. It is the kind of person and she was - special!*

“ My sincerest condolences to Mr. Glover, Holly and the family, and many prayers as you grieve this loss. Mrs. Glover was such an incredible gift to me in high school. Her guidance went far beyond what courses to take. She always listened without judgement and offered thoughtful, caring advice. She made time for whatever real or perceived crisis I was facing, and she never made me feel unwanted or bothersome. Her support meant everything to me then and certainly influenced the woman and mother I am now.

*I was sorry to see of Mrs. Glover's passing. I had her as an English teacher some 55 years ago at Victory HS; I believe it was her first year of teaching. I recognized her picture immediately and pulled my yearbook out ('66) to show my wife her pic in it. I remember Miss Bradley well and liked and thought highly of her.*
