“ So many conversations, so many visits between us, so many times you talked me off the ledge. You were always there for me whenever I needed you. I know my beautiful aunt that you are pain free and with angels. Fly high beautiful fly high and free. Luv you more.

“ Theresa was a wonderful person with a loving heart and I was fortunate to have her as my Sister in law. We had a lot of laughs, shared thoughts, and I loved hearing her voice when we would talk over the phone. I didn't see her as much as I would have loved to, but my memories of her will always be filled with loving thoughts and happy memories. Rest peacefully sweet lady, you live on in the photo album of my mind. May God Bless you and you blessed us.
