“ Tom and I met while working at Hopkins Dodge in Fulton, WV. back in the late 70's and became fast friends. We worked together at Imperial Glass in the maintenance department through the 80's where his exceptional mechanical talents were put to good use. He also helped me in my own business as he was a top notch welder. Back then he was know to his close friends as "Ferkel". He was an unusually talented person and I wish we could have spent more time together these past several years.

To everyone in Tom's family, you have my deepest sympathy and heartfelt sorrow.

“ Wiesel was one in a million, always a loyal friend. Tuesday nights will not be the same without him. I find piece knowing that there was a Coleman Lantern burning at Heavens Gate to lead Wiesel through 🙏

“ *A terrible shock. Just saw Tom a few weeks ago at Brad Miller's Celebration of Life event and didn't realize he was so ill. To many memories to share here but they were all great ones that I'll keep forever. Tom was such a down-to-earth, super nice guy. He will be greatly missed by the many, many people who were lucky enough to get to know him. Our heart-felt condolences to his family and loved ones during this very difficult time. May you rest in eternal peace Tom.*
