“ My dear Toni : you are such a dear friend I will miss you forever. We talked every day. I will miss those phone calls but I will never forget what a wonderful friend you are. We helped each other through a lot of things. We had a lot of good times, very few bad times. You will be dearly missed but forever in my heart. I lost the best friend a person could have.

*My condolences to her family.*

“ I can't put into words how somewhat shocked I was to find out of her passing. There was a little bit of everything with her as my boss and co-worker which of course I had to respect sometimes and such. I can go on and on with the highlights. But I need to leave it at that. My condolences to the family.

*Such a great picture. I was part of the high school group of friends and had such great times with Toni. Several years ago when visiting my father the phone rings around 11 pm. I immediately answered and it was Toni checking to see if all was ok with my Dad as she knew lights were always out by 10pm at his house. But that was the kind of person she was...caring, sensitive and so so sweet. To her family, my sincerest condolences and thoughts and prayers are with you during this very difficult time.
