“ *Our prayers are with your family. Troy gave me my first job and I was so proud of that job. He taught me so much at Tennant's store. Every time I check out at a register I think of how he taught me to count change back to a customer and how many people do not know how to do that without the register telling them how much to give back. Also, without that job, John and I may never have met and for that I am thankful. Our thoughts are with you during this difficult time*
